

KKK

Well, Colored Men and Women, do you know what the masked figures at the top of this page stand for? If you don't, ask your parents or your grandparents—They Know.

They will tell you that this order declares that the negro is not an American; also that it is a secret, oath-bound organization, and they have barred you from membership; in secret they accuse, try and convict you, and some dark night, with masks on their faces and all robed in white, knock at your door; you know the rest.

The Ku Klux Klan have endorsed all of the Republican candidates for office in Jackson County; many of these same candidates are members of the order; if these men are elected to enforce the law and to protect you and yours, what chance have you got with the Klan?

You will be told that this is sent out to scare you, but just as sure as you are alive, if the Ku Klux Klan elect the officers of this county, you negroes have a perfect right to be scared.

Think this over, and when you receive your ballot next Tuesday, let your conscience be your guide.

A REAL AMERICAN.
