

IS TRUMAN A
TAXPAYER?
DON'T MISS THIS
JUDGE TRUMAN'S COUNTY TAX FOR 1924
is only 98 Cents

He turned it in as Harry S. Truman, (merchant), Grandview, Mo., to the Kansas City Court House.

He lives in Independence and the records at that office do not show he pays a cent
Compare this 98 cents County Tax of his to your own.

Now, if he, or any other Goat, denies this take them to the records and prove it to them.

The records are yours. Truman, McElroy or Arthur Young & Co. (\$20,000.00 special accountants) can not juggle these figures.

You working people that have a hard time getting along, think this over before casting your vote at the Polls, August 5, 1924.
