Mr. Lou E. Holland Holland Engraving Company Kansas City, Missouri

Dear Lou:

It looks as if our paths cross but never meet. I tried to see you in Kansas City Saturday, before I left, but found that you were in Washington. Then I received your letter this morning, in which you stated you had to go back home.

I will be back in Kansas City on Thursday, if everything holds together, and will be glad to see you if we can get together, which I hope we can.

Sincerely yours,

Harry S. Truman
