Mr. R. P, Lyons, Vice President

Ready Mixed Concrete Company

25th and Summit Street Kansas City, Missouri

Dear Bob:

Lyle Weeks is an Independence Republican. He got a contract from the County one time for a construction job and I had more trouble with him than any one ever worked for the County, and I don't think he would take very kindly to any suggestion I might make. However, if you think it would help for me to say a word for you I will be pleased of course to do it.

Sincerely yours,
