Mr. Jas. M. Pendergast,
Commerce Bldg.,
Kansas City, Mo.

Dear Mr. Pendergast:-

I have received the information that the Works Relief Project under Mr. Murry will be broken up into districts, each district having an assistant in charge.

A great, many of our friends who not only supported but worked for the nomination and election of Senator Truman in Jasper County are urging the appointment of Harry Easley of Webb City as the assistant of this Project for that section of the State.

I would like to add my hearty approval of this selection and can assure you from my personal knowledge that Mr. Easley was untiring in his efforts to organize the Young Democrats in Jasper County to work for the Senator. The results will speak for themselves.

Assuring you of my appreciated for anything that you may do to help in his selection, and with kindest personal regards, I am

Very truly yours,
ADH/ALC
